Top Row (Left to Right): Shreyas Kulkarni, Christopher Chen, Christian Chu, Arjun Harikrishnan, Evelyn Yao

Bottom Row (Left to Right): Mythri Kishore, Kimberly Yamada, Anjali Mani, Amy Tran, Samantha Becaria, Kyle Phong

Not included in the photo: Ethan Chiang, Colin Choi, Sriya Kotta

# Did You Know?

Did you know that Whitney High School emits about 53 lbs of CO<sub>2</sub> from plastic utensils a day?

If all of the schools in our district were to use compostable utensils like these, it would reduce our CO<sub>2</sub> emissions by 1481 lbs every day!

# Our Short and Long-Term Goals

Our goal this year is to fundraise and buy compostable utensils for the Hutch and encourage compostable utensils for school events such as food sales and dances. Our long-term goal is to implement a districtwide change from plastic to compostable utensils in all ABC School District cafeterias.

## Sustainable Lunch Campaign

Making lunches better, one utensil at a time
